ISO 9001:2015 CERTIFIED

**PERSPECTIVE PLAN
ACADEMIC YEAR 2020-2025**

OUR VISION

‘St. Paul College will be a leader among educational institutions by being innovative, to meet the changing needs of society. It will be a center for learning where individuals can develop their intellectual capabilities throughout their lives in an environment that promotes academic achievement and excellence. It will be a diverse community where the highest moral and ethical values will prevail with a dual purpose, an inward focus on learning and an outward focus on service. We aspire to be recognized as a college of first choice for excellent and accessible education’.

OUR MISSION

‘To serve our students by teaching them problem-solving, leadership and teamwork skills, and the value of a commitment to quality, ethical behavior, society and respect for one another. We are committed to meeting the educational needs of all our students and providing our faculty with the means to develop their intellectual capability through teaching and interaction with society. We aim to enhance the quality of teaching and service programs through the support of the best faculty, staff and students and continue to improve the quality of all our students to prepare them for professional life, leadership and citizenship in a changing world’

Core Values

• **Technology:**

The field of technology is ever-changing. Students must be aware of the changes and growth that occur in their field. This will enable our students to be tech savvy.

• **Excellence:**

Setting high standards and quality benchmarks for one self and endeavouring to teach them. Doing the very best one can in every task that one accomplishes. Aiming for personal, academic and professional excellence and never compromising with mediocrity.

• **Commitment:**

Complete dedication and thorough engagement towards work. Inculcating loyalty and developing a sense of ownership. To be sincere in approach, adhere to deadlines and have a result-oriented approach.

• **Responsibility Towards Nation:**

Being aware of and shouldering one's responsibilities towards the society and the nation. Duties of a person towards country are very important to maintain its dignity, bright future and propel the nation towards being a developed country. People in our country must follow the rules and their duties towards nation building.

PERSPECTIVE PLAN

ACADEMIC YEAR 2020-2025

• Infrastructure Augmentation

To add a new wing to the existing L shaped building. Current Premises are sufficient enough to conduct existing courses. Thinking about future it is necessary to extend existing building to get additional classrooms for running new courses.

• Introduction of New Programme

Considering the students demand and need of career enhancement programmes, existing programmes will be strengthened. It becomes a necessity to increase student intake in the college for getting new admissions to the degree college. The college will be considering introduction of New Programmes and to progress into Post Graduation Programmes like MCom (Accountancy), MCom (Management) and Bachelor of Science in Information Technology (B.SC IT) .

• To introduce New Courses

To enable students to get employable, there will be introduction of specialized courses in all the programmes. The college offers all specializations in Bachelor of Management Studies (BMS). Making students familiar with recent trends in commerce and research, there will be courses which will be in accordance with the University of Mumbai Curriculum.

- **To facilitate ICT in teaching and learning:**

College is fully Wifi Enabled campus. More classrooms will be equipped with LCD or Projectors. Video recording facility is available for staff and introducing more equipment's for recording lectures to develop e-resources for all the students.

- **Sports and Cultural Facilities:**

Better sports facilities for students and especially for girls students including formal and informal events to be implemented.

- **Conduct more Seminars and Workshops on Entrepreneurship and employability skills**

Bring industry people for conducting trainings of the student about business and develop entrepreneurial skills among them.

Entrepreneurial activities and seminars will be focused to have startups and incubation culture in place for students in the institute.

Research and Library Facilities will be Focused

For the development of the institute it is necessary to develop the right attitude of research among all the teachers and students. Going forward institute will focus on deputation of teachers for research related seminars and workshop, research database and projects. Students and teachers will be motivated to enroll themselves in Research Degree.
